Speaker. Writer. Coach.

*Empowering women to take clear, creative action on their most ambitious goals*

# About Me

My passion for teaching has taken me on a journey that started in elementary schools and now involves speaking, writing, and consulting. I am on a mission to empower women to unlock their creativity and take inspired action in their lives.

I attended the University of Chicago, earning a B.A. in Psychology and M.A in Teaching. I began my career teaching in schools in Sacramento and Chicago. I made a decision to expand my classroom and left teaching to forge a new path. I have consulted with several non profit organizations and facilitated workshops for nonprofit, civic and religious organizations.
